DR. HEARST B. BLOUNT, DENTIST.

In Potosi 30 days each month. Special care taken and work made satisfactory. Plate work a specialty. Office in Washington County Bank building.

Results that Remain ARE APPRECIATED BY POTOSI PEOPLE.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merits right here in Potosi.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now makes his testimony even stronger:

W. B. Compton, Main St., Potosi, Mo., says: "The statement I have recommending Doan's Kidney Pills some years ago still holds good as my cure has been permanent. I have often recommended this remedy to other people and it has always done good work. I had pains in the small of my back and this was very annoying. I knew that my kidneys needed toning up and when a friend told me to take Doan's Kidney Pills, I got a box at the City Drug Store. It didn't take them long to correct my trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

DOAN'S BACKACHE KIDNEY PILLS

Anybody suffering a backache and kidney complaint can pay attention to a valuable remedy. Doan's Backache Kidney Pills are the only remedy that has earned a reputation for lasting results and there is plenty of proof of its merits right here in Potosi.

Scientific American.

A family remedy for backache, kidney complaint, and all urinary troubles. It is a sure cure for all these ailments. It is sold by all druggists and is the only remedy that has earned a reputation for lasting results and there is plenty of proof of its merits right here in Potosi.

JOHN & CO. 308 Broadway, New York

Branch Office 225 E. St. Washington D.C.

LOCAL ITEMS.

County court next week.

Probate court week after next.

Looks like no ice will be cut here this winter.

Mr. J. C. Smith of Caledonia was in Potosi Tuesday last.

Mr. F. A. Wilmes of Undine was in Potosi Saturday last.

January is about gone and the weather man, on the whole, has treated us kindly during the month.

Mr. J. F. Evans, cashier of the Washington County Bank, is confined to his home by an attack of illness.

Cupid has been hibernating in Potosi all winter, though it is rumored he will wake up during the month of February.

The leaf buds on the poplars and soft maples are swelling and we may soon look for the early spring flowers to put forth.

Mrs. Jennie M. McCormick of Irondale was in Potosi last Friday and made this office a call to subscribe for the Journal.

The streptococci—grip bugs have been giving the editor a tussle the past week and had him down and out for a couple of days.

Conductor Tom Long of DeSoto is temporarily in charge of the Potosi Branch train during the illness of Conductor LeMaster.

Richard Manning, one of our good colored friends from out Palmer was a visitor at this office Tuesday to settle with the printer.

Misses Latty and Lucy Bust entertained the Bridge Club last Thursday evening. The prize, a cut glass dish, was won by Miss Lillie Swift.

Mrs. M. E. Black returned home last week from Dupu, Ill., where she had been visiting her daughter, Mrs. Howard. She was accompanied home by her grandson, little Harry Swift.

The tax collector of St. Francois county gathered in over \$183,000 during the month of December, last. The collector's job in that county is a fat office on the 5 per cent commission which the law allows.

Clyde Williams, a young man at Morse Mill, was caught by a belt in a mill there on Monday of last week and was fatally injured before the machinery could be stopped. He died a day or two after the accident.

Joe Lawson, who formerly lived in this locality, but now a resident of Leadwood, lost his home by fire last Sunday morning a week ago. As the family was away from home at this time nothing was saved.

There was much excitement in the postoffice at De Soto the other day when a polecat skin was sent through that office by parcel post. A polecat skin can create something more than an excitement, it can start an exodus.

The third parlor at Pilot Knob, it is said, has done a "land office" business in the two months it has been opened. About \$2700 has been paid for whiskey and the third car of beer was received this week.—Ironton Register.

W. E. Crow, George Mahn, Col. Sol Holenthal, Roy Dean and a number of others were informed, went up to Jefferson City on Wednesday to obtain the removal of Circuit Court to De Soto by act of legislature.—Hillsboro Record.

A marriage license was issued at Farmington on Jan. 10, to Noah Skiles, of Potosi, and Ella May Willis of Leadwood, and on Jan. 25 one was issued in St. Louis to James S. Cotton, of Glencoe, Mo., and Annie May Moore, of Potosi.

The present winter has been most remarkable for the absence of snow. Only once has there been snowfall enough to cover the earth and that was so light it disappeared in a few hours. The winter has also been remarkable for the presence of south winds.

The stock of the Williamsville, Greenville and St. Louis Railroad, located in Wayne county, amounting to \$35,000, was sold at Mexico, Mo., the other day for the benefit of the creditors of the road, and only brought \$200. That is less than one cent a share.

Last Saturday night Dr. E. W. Bliss received the surprise of his life. The surprise was a beautiful gold jewel for a Past High Priest, presented to him by Copstone Chapter, Royal Arch Lodge No. 33, of this city. The jewel is a beauty, fitted in a nice black leather case, and is a present which Dr. Bliss prizes very highly.—De Soto Press.

John H. Gough of Hulsey unloaded an engine here Friday to be used in hauling out a big lot of ties on James Street's place and on the Jackson tract. The engine stood on the track here Thursday and when Mr. Gough went to fix up Friday morning he found four pickers shut up in the fire box. Some tramps doubtless had concealed them for future use, but when Mr. Gough found them he considered them his property.—Sullivan News.

MARRIAGE LICENSES.

John A. Hawkins, Bonne Terre, Mo.
Lou Gilliam, " "
John W. Fenn, Potosi, " "
Ada C. Isgrigg, Undine " "

A holding company is being projected to operate the properties of the St. Joseph Lead Company, the Doe Run Lead Company and the M. R. & B. T. R. R. Co., which have a combined capitalization of \$30,000,000. This plan is said to be the solution of the directorship quarrel over the management of these properties. The combine will remain the same under the new name should the plan be adopted.

The will of the late Joseph H. McCormick, of Cedar Croft farm, near Caledonia, was filed for record on Jan. 25th. He leaves his wife Jennie M. McCormick life insurance amounting to \$500; his son, John H. McCormick \$100 and a gold watch and chain; his daughter, Arabella McCormick \$100 and a bay mare; his step-daughter, Mrs. Bertha A. Black, \$100, and his adopted daughter, Mamie Seebach McCormick, \$10. The balance of his estate is left to his wife, who is made executrix without bond.

Everybody here is doing it who is not doing something else—digging till. The sudden demand for this product has found dealers here without any surplus stock on hand and the result has been a boost in prices. In some cases as high as \$6.00 per ton is being paid for what is known as "public" till, which is till delivered at the shipping platforms by individuals mining on their own lands. The price in Potosi is \$5.50. "Claim" till brings the miners \$1.50, the dollar difference being absorbed by the royalty and hauling charges. This is considered a fair price and the result has been that men and boys are now flocking to the diggings with pick and shovel. Teams for hauling are also in demand.

Theodore Anderson was up from Knob Lick on Tuesday. He returned on last Saturday from Kansas City, where he had been for three weeks having an artificial arm fitted. It is truly remarkable what a help this artificial arm is to him. While he has not as yet become proficient in the use of the limb, he can pick up articles with it, eat and write with it and in many respects use it almost as readily as he could the good arm which he lost along with the left one, in a quarry explosion on October 29, 1908.

The artificial limb is composed of willow, steel and fiber. It has 200 parts and is capable of being turned in almost every direction. Its movements are controlled by the muscles of the shoulder. The limb cost \$250 and the manufacturers claim that it will last a great many years if properly used.—Farmington News.

Morgan J. Casey Dead.

Mr. Morgan J. Casey, one of the oldest and most prominent citizens of Potosi, died at his home here on Monday evening, Jan. 27th, between 5 and 6 o'clock. He had been an invalid for several years, suffering from a stroke of paralysis, and lately his decline had been rapid. The funeral took place this (Wednesday) morning from the family residence, and services were held at St. James Catholic church, of which the deceased was a life long member, by Rev. Father Canning, after which the remains were laid to rest in the Catholic cemetery.

He is survived by two sons, Gray and Ferd, and two daughters, Clara and Regina, all of whom are grown and lived with their father. Wm. J. Casey, of Fouchie a tenant, is a surviving brother. His wife, who was Miss Julia Gray, died many years ago.

Morgan J. Casey was a son of John Casey, one of the pioneer residents of Potosi, who came to this country from Ireland in 1817, and located here in 1819. He was one of nine children and was 78 years of age at the time of his death. His whole life was spent in this community. Mr. Casey was a man of quiet habits, and although he was reputed to be possessed of much wealth, he made no ostentatious display of it. He was genial and sociable with his friends and was liked and esteemed by all who knew him.

Ladies Admire

the handsome and stylish shoe that we provide for their foot needs. In style, grace beauty of appearance and comfort in wear, these shoes are superior to any on the market. They are well built for wear as well as to be externally admired. They are made in all sizes and widths, and are priced so as to be within the reach of the most economically inclined lady.

J. W. SETTLE & CO., Potosi, Mo.

The Old Curtis Home Burned.

The old Curtis home in Stringtown, about a mile south of Potosi, which was owned and occupied by Mr. Jas. W. Curtis, took fire last Thursday afternoon from a defective flue and was burned to the ground. None of the members of the family were at home at the time the fire broke out, and when the blaze was discovered by neighbors it had attacked the roof, and lack of water and facilities for reaching the fire prevented them from saving the house. They had time, however, to remove practically all the furniture. We are informed that Mr. Curtis carried \$700 insurance on the house and \$100 on its contents.

Among those who have renewed their subscriptions since our last issue are S. G. Nipper, J. Declue, R. F. D. Geo. W. Heeler, Rev. C. M. Canning, Wm. Richl, of Potosi; J. H. Craig and James Horton of Sunlight, G. C. Loomis of Belgrade; C. Hochmeyer of Caledonia; Joe Isgrig of Undine; J. B. Emly of Richwoods; R. E. Hutchings of Adam; Richard Witt of Northeast; Mrs. Fred Crow of Sullivan; J. T. Page of De Soto; Mrs. Geo. W. Rickner of Festus, Mo., and M. C. Johnson, of Pueblo, Colo.

J. L. Souders, Richwoods, Mo.

Wants to Be Shown.

Our old friend, J. T. Page, of De Soto sends us a dollar to renew his subscription, and adds in his letter the following:

As the Democrats have long been promising to show us what all they were going to do to bring down the cost of living if they only had a chance we are now ready to be "shown," as we live in Missouri. We want to see how they are going to cheapen the cost of living without cheapening the price of labor. The test of prosperity lies in the ability of the workingman to buy under any price conditions, and to diminish this ability is not the best standard of cheapness. Keep tally on the costs of the next year and see the Democrats establish the standard of cheapness.

Bretton Creek.

There was a birthday party at Mill Bentsen last week. All reported a good time.

Miss Elsie Rutledge returned home a few days ago from a visit with friends at Bonne Terre and Belgrade.

Quite a crowd of our young people went out to the fish pond, near Hamilton Springs, Sunday.

BISMARCK

Continued increase in attendance is the feature of Dr. Richardson's efforts in the revival meeting he is conducting here. The church fails to hold all who come to attend the services. Judge Swink and M. P. Casey of Farmington had business in our town Tuesday last.

Born, to the wife of J. H. Hartz, Jan. 22, a boy.

Joe Bryan and family moved to the farm of M. C. Jamison on Cedar Creek last Wednesday.

Dr. G. H. Eversole and family of Caledonia attended the revival meeting here last Sunday.

The outbreak of the diphtheria here is reported under control.

Joe Collier of St. Louis visited relatives here last Wednesday.

Mrs. Sarah F. Bowles, grand lecturer, E. O. S., was a visitor here last Tuesday.

Mrs. O. E. Hamsbrough was called to Poland, Ind., by wire Thursday on account of the serious illness of her sister, Mrs. Hoffmann.

BUYS EIGHTY-SIX THOUSAND ACRES IN WAYNE COUNTY.

Canadian lumbermen, said to be men of means, after negotiations covering a week, have completed arrangements for taking over the holdings of the Wayne Land and Lumber Company, and the property of the Williamsville, Greenville and St. Louis Railroad, all in Wayne County, Mo., which for some time has been in the hands of the National Bank of Commerce of St. Louis, after mortgage foreclosure.

The new company filed the indebtedness that has hung over the properties and declares its intention of developing and operating the property both as an iron producer and a factor in the marketing of hardwood lumber. The title to 86,000 acres of iron and timber land is included in the deal, and the two companies controlling the railroad and the land are capitalized at \$2,000,000. The company has liquidated all of the obligations of the two concerns and is prepared to pay less than \$200,000.

The property consisted of the Iron Mountain Railroad in Wayne County, the railroad extending from Williamsville, sixty-five miles, with branches and sidings, through Greenville, the county seat, to Cascade, in the northern part of Wayne County. The property was developed originally by the Holiday Lumber Interest, and controlled afterwards by the Williamsville Lumber Company. Several productive mines were opened on the property and for a time, between 1907 and 1909, ore was shipped to smelters at St. Louis and elsewhere.

PAID UP MEN HAVE MONEY.

Reports from Cooper County have not been published in the Potosi Journal since the seven women of the county sold during the year 1912 farm properties to the amount of \$14,294. One woman, Mrs. E. E. Scholten, of near Pilot Grove, sold a total of \$12,644. During the year she shipped to a St. Louis commission house 200 dozen eggs, for which she received \$450.70. She also sold 95 moonshine house turkeys for \$572, or an average of \$8.36 per bird, and 141 eggs for hatching for \$100. Another lady of the county, Mrs. R. Neibersman, of near Booneville, sold \$11,449 worth of produce, \$7,600 of which was for butter, \$300 in milk and \$2,549 in eggs. Mrs. James Ly-

The Washington County Bank OF POTOSI, MISSOURI

was chartered in 1893, and for twenty years has been conducted on conservative lines, with Safety as its watchword.
